Profit Prediction App

Choose an Algorithm for Prediction:

Linear Regression	⌄

Linear Regression Metrics:

Mean Squared Error: 75653881.21741322

Mean Absolute Error: 6571.779441206343

R-squared: 0.9373773820968022

## Provide Input Values:

Enter R&D Spend:

165349.20	−

Enter Administration:

136897.80	

Enter Marketing Spend:

471784.10	−

Prediction Result:

Predicted Profit: 193221.84

Predicted vs. Actual Profit
